Table with 10 columns: Country, Brand/Variant, Protein (g), Sugar (g), Fat (g), Carbs (g), Sodium (mg), etc. Lists products like Whey Protein Concentrate, Whey Isolate, etc.

Whey protein concentrate (WPC) is a milk-based product that is rich in protein and low in fat. It is made by removing the fat and lactose from milk and then concentrating the protein. It is a popular choice for athletes and bodybuilders.

Whey protein isolate (WPI) is a milk-based product that is rich in protein and low in fat. It is made by removing the fat and lactose from milk and then concentrating the protein. It is a popular choice for athletes and bodybuilders.
