

SCITEC
ESSENTIALS

Coenzyme Q10 (Co-Q10) is a vitamin-like substance present in the mitochondria of our cells. It participates in aerobic respiration, which generates a portion of the human body's energy in the form of ATP. Coenzyme Q10 can be synthesised in most human tissues and occurs widely in nature, including foods. It can also be consumed via food supplements such as our Q-Sorb™ Coenzyme Q-10 capsules. This formula provides 50 mg Coenzyme Q10 in each capsule!

Warnings: Use this product in conjunction with food as part of a healthy, balanced diet, not as a substitute for such. **KEEP OUT OF REACH OF CHILDREN! DON'T EXCEED THE RECOMMENDED DAILY DOSAGE!** Diabetics should consult their physicians before use!

Allergen info: Manufactured in a facility that processes milk, egg, gluten, soy, peanuts, nuts, fish and crustacean ingredients.

Storage conditions: Store in a cool, dry place. Heat and sunlight may damage the bottle!

Best before end: see on packaging. (MM/YYYY)

Batch number: see on packaging.

Q-Sorb™ COENZYME Q10
